Retirement Villages Act 1999 (Section 74)

ABN: 86 504 771 740

This form is effective from 1 February 2019

Name of village: Stafford Lakes Retirement Community

Important information for the prospective resident

- The Village Comparison Document gives general information about the retirement village accommodation, facilities and services, including the general costs of moving into, living in and leaving the retirement village. This makes it easier for you to compare retirement villages.
- The *Retirement Villages Act 1999* requires a retirement village scheme operator to:
 - provide a copy of the Village Comparison Document to a prospective resident of the retirement village within seven days of receiving a request
 - include a copy of the Village Comparison Document with any promotional material given to a person, other than through a general distribution (e.g. mail-out)
 - publish the Village Comparison Document on the village's website so that the document, or a link to it appears prominently on each page of the website that contains, or has a link to, marketing material for the village
- You can access a copy of this Village Comparison Document on the village website at <https://www.tricare.com.au/retirement/stafford-lakes/>
- All amounts in this document are GST-inclusive, unless stated otherwise where that is permitted by law.

Notice for prospective residents

Before you decide whether to live in a retirement village, you should:

- Seek independent legal advice about the retirement village contract – there are different types of contracts and they can be complex
- Find out the financial commitments involved – in particular, you should understand and consider ingoing costs, ongoing fees and charges (which can increase) and how much it will cost you when you leave the village permanently
- Consider any impacts to any pensions, rate subsidies and rebates you currently receive
- Consider what questions to ask the village manager before signing a contract
- Consider whether retirement village living provides the lifestyle that is right for you. Moving into a retirement village is very different to moving into a new house. It involves buying into a village with communal facilities where usually some of the costs of this lifestyle are deferred until you leave the village. These deferred costs when you leave your unit may be significant.
- Seek further information and advice to help with making a decision that is right for you. Some useful contacts are listed at the end of this document, including:
 - Queensland Retirement Village and Park Advice Service (QRVPAS) which provides free information and legal assistance for residents and prospective residents of retirement village. See www.caxton.org.au or phone 07 3214 6333.

- The Queensland Law Society which can provide a list of lawyers who practice retirement village law. See www.qls.com.au or phone: 1300 367 757.

More information

- If you decide to move into a retirement village, the operator will provide you with a Prospective Costs Document for your selected unit, a residence contract and other legal documents.
- By law, you must have a copy of the Village Comparison Document, the Prospective Costs Document, the village by-laws, your residence contract and all attachments to your residence contract for at least 21 days before you and the operator enter into the residence contract. This is to give you time to read these documents carefully and seek professional advice about your legal and financial interests. You have the right to waive the 21-day period if you get legal advice from a Queensland lawyer about your contract.

The information in this Village Comparison Document is correct as at 1 April 2019 and applies to prospective residents.

Some of the information in this document may not apply to existing residence contracts.

This fund may or may not cover maintaining or repairing items in your unit, depending on the terms of your residence contract.

The budgets for the General Services Charge and the Maintenance Reserve Fund are set each financial year and these amounts can increase each year. The amount to be held in the Maintenance Reserve Fund is determined by the operator using a quantity surveyor's report.

Fair wear and tear includes a reasonable amount of wear and tear associated with the use of items commonly used in a retirement village. However, a resident is responsible for the cost of replacing a capital item of the retirement village if the resident deliberately damages the item or causes accelerated wear.

Entry and exit inspections and reports are undertaken by the operator and resident to assess the condition of the unit.

12.2 Is the resident responsible for renovation of the unit when they leave the unit?

Yes, all residents pay (*refer note below from the scheme operator*)% of any renovation costs (in same proportion as the share of the capital gain on the sale of their unit)

- Residents who do not exercise the Nil SOCAP Option pay 50% of any renovation costs (in the same proportion as the share of capital appreciation on the sale of their unit).

Renovation means replacements or repairs other than reinstatement work.

By law, the operator is responsible for the cost of any renovation work on a former resident's unit, unless the residence contract provides for the resident to share in the capital gain on the sale of the resident's interest in the unit. Renovation costs are shared between the former resident and operator in the same proportion as any capital gain is to be shared under the residence contract.

- *Residents who do not exercise the Nil SOCAP Option share of the capital appreciation is 50%.*

Part 14 – Exit entitlement

An exit entitlement is the amount the operator may be required to pay the former resident under a residence contract after the right to reside is terminated and the former resident has left the unit.

14.1 How is the exit entitlement which the operator will pay the resident worked out?

Residents who elect the Nil SOCAP Option will receive:

1. from the proceeds of sale of the Lease and Preference Shares – the amount of the ingoing contribution paid by the resident, reduced by 100% of any Capital Depreciation (referred to in the Constitution as 'Capital Depreciation').

Less as an offset:

1. the costs of all reinstatement work;
2. the exit fee; and
3. any other fees and charges payable under the Lease, the Constitution or associated documents.

Residents who do not elect the Nil SOCAP Option will receive:

1. from the proceeds of sale of the Lease and Preference Shares – the amount of the ingoing contribution paid by the resident, reduced by 100% of any Capital Depreciation (referred to in the Constitution as 'Capital Depreciation').
2. From the scheme operator – an amount equivalent to 50% of the Capital Appreciation (referred to in the Constitution as 'Capital Appreciation').

Less as an offset:

1. the costs of all reinstatement work;
2. their proportion of renovation costs;
3. the exit fee; and
4. any other fees and charges payable under the Lease, the Constitution or associated documents.

14.2 When is the exit entitlement payable?

 - no date is stated in the residence contract
- 14 days after the settlement of the sale of the right to reside in the unit to the next resident or the operator

In addition, an operator is entitled to see probate or letters of administration before paying the exit entitlement of a former resident who has died.

14.3 What is the turnover of units for sale in the village?
