

# *Cypress Gardens*

Aged Care Residence

## Expect the best

Luxury aged care and premium amenities meets home-like comfort at Cypress Gardens, in a central Gold Coast location.

In hotel-style surrounds, we provide care for residents with short-term and permanent needs.

Our approach to care comes from the family values and genuine care that have underpinned TriCare for 50 years, ensuring that each resident receives the care to meet their individual needs, even as life changes.

We ensure residents keep engaged with daily social interaction, through our lifestyle activities and therapies, convivial dining and 24-hour staff presence.

**Relax, knowing loved ones are in good hands with TriCare.**

## Feel right at home

The large, contemporary light-filled spaces are perfect to catch up with family and friends, while residents also have private spaces for personal times. With a wide selection of comfortable accommodation including premium or classic single rooms, and classic companion rooms, there is an option to suit the most discerning of residents.

## Every day a special day

Delicious, fresh meals are prepared daily by our onsite chefs with nutritious, tasty choices, and dining rooms hum with chatter at meal times. We help residents look and feel their best with our onsite hairdressing salon and professional wellbeing services, while there's plenty of social interaction through our lifestyle activities program.
