

Kawana Waters

Aged Care Residence

An inviting lifestyle

Our magnificent riverside frontage and sweeping lawns bring a sense of peaceful pleasure to Kawana Waters, where a family-style community makes residents feel at home.

In this relaxed environment, we provide care for residents with short-term and permanent needs.

Our approach to care comes from the family values and genuine care that have underpinned TriCare for 50 years, ensuring that each resident receives the care to meet their individual needs, even as life changes.

We ensure residents keep engaged with daily social interaction, through our lifestyle activities and therapies, convivial dining and 24-hour staff presence.

Relax, knowing loved ones are in good hands with TriCare.

Feel right at home

Lush, well-kept gardens and landscaped, undercover outdoor areas offer a home-style environment for residents to spend quality time with family and friends. Our sunny lounges take advantage of the tranquil water views. We offer a selection of comfortable accommodation, consisting of premium or classic single rooms, and classic companion rooms.

Every day a special day

Delicious, fresh meals are prepared daily by our onsite chefs with nutritious, tasty choices, and dining rooms hum with chatter at meal times. We help residents look and feel their best with our onsite hairdressing salon and professional wellbeing services, while there's plenty of social interaction through our lifestyle activities program.
