Aged Care Residence

## A familiar community

Surrounded by a leafy residential area, our family-style residence at Pimpama offers a peaceful community where residents can enjoy the serenity.

In this relaxed environment, we provide care for residents with short-term, permanent and dementia needs.

Our approach to care comes from the family values and genuine care that have underpinned TriCare for 50 years, ensuring that each resident receives the care to meet their individual needs, even as life changes.

We ensure residents keep engaged with daily social interaction, through our lifestyle activities and therapies, convivial dining and 24-hour staff presence.

**Relax, knowing loved ones are in good hands with TriCare.**

## Feel right at home

Cosy, home-like surroundings in a rural-style setting help residents feel at home. Beautifully landscaped gardens, attracting curious native birds, and modern undercover outdoor spaces are ideal when family and friends visit. We offer a selection of comfortable accommodation, consisting of classic single and companion rooms.

## Every day a special day

Delicious, fresh meals are prepared daily by our onsite chefs with nutritious, tasty choices, and dining rooms hum with chatter at meal times. We help residents look and feel their best with our onsite hairdressing salon and professional wellbeing services, while there's plenty of social interaction through our lifestyle activities program.

# Relax

it's the TriCare difference

Our TriCare Aged Care Residences have a family-style atmosphere that helps residents feel at home.

We ensure that residents experience daily opportunities to engage in a stimulating environment, while providing genuine care, delicious meal choices prepared daily and a range of accommodation, all to meet individual needs.

You'll find many of our Aged Care Residences are co-located with TriCare Retirement Communities, handy for couples with individual care and accommodation needs.
