Aged Care Residence

## Enjoy a premium lifestyle

A luxury lifestyle with all the frills awaits at Stafford Lakes, where residents enjoy a contemporary community with family style.

In hotel-style surrounds, we provide care for residents with short-term, permanent and dementia needs.

Our approach to care comes from the family values and genuine care that have underpinned TriCare for 50 years, ensuring that each resident receives the care to meet their individual needs, even as life changes.

We ensure residents keep engaged with daily social interaction, through our lifestyle activities and therapies, convivial dining and 24-hour staff presence.

**Relax, knowing loved ones are in good hands with TriCare.**

## Feel right at home

Premium standards in an elegant, spacious environment help residents to feel at home. Outdoor alfresco courtyards, a friendly café and sun-filled lounges are some of the popular places for quality time with family and friends. We offer a selection of comfortable accommodation, consisting of premium single rooms.

## Every day a special day

Scrumptious, restaurant-style meals are prepared daily by our onsite chefs with nutritious, tasty choices, and dining rooms hum with chatter at meal times. We help residents look and feel their best with our onsite hairdressing salon and professional wellbeing services, while there's plenty of social interaction through our lifestyle activities program.
