

Taowoomba

Aged Care Residence

Enjoy the country charm

The picturesque Darling Downs inspires a vibrant feel in our Toowoomba residence, where colourful touches bring liveliness to every day.

In home-like surrounds, we provide care for residents with short-term, permanent and dementia needs.

Our approach to care comes from the family values and genuine care that have underpinned TriCare for 50 years, ensuring that each resident receives the care to meet their individual needs, even as life changes.

We ensure residents keep engaged with daily social interaction, through our lifestyle activities and therapies, convivial dining and 24-hour staff presence.

Relax, knowing loved ones are in good hands with TriCare.

Feel right at home

Our immaculate hedged gardens and tranquil courtyards with shaded seating enable residents to enjoy social times with family and friends in the outdoors. We offer a selection of comfortable accommodation including premium or classic single rooms, and classic companion rooms, all on one level for easy access.

Every day a special day

Scrumptious, restaurant-style meals are prepared daily by our onsite chefs with nutritious, tasty choices, and dining rooms hum with chatter at meal times. We help residents look and feel their best with our onsite hairdressing salon and professional wellbeing services, while there's plenty of social interaction through our lifestyle activities program.
